CALL FOR PAPERS
NHANES-Questionnaire Development. The National Center for Health Statistics/CDC (NCHS) will consider adding new or revised questionnaire material, laboratory assessments, and examination components to the 2013-14 National Health and Nutrition Examination Survey (NHANES) survey. There are two stages to the NHANES proposal process. First, proposers should submit a letter of intent describing the proposed NHANES project. NHANES staff will review the letters of intent. If the proposed survey content seems appropriate for NHANES, then staff from our division will ask proposers for a full research proposal. There are separate deadlines, for letters of intent, for each of the three basic survey areas - the examination, laboratory assessments and questionnaires items. Questionnaire content deadline: April 15, 2011; and laboratory content deadline: June 1, 2011.

Call for Papers: Food System Planning Theory and Practice. JAFSCD invites researchers, ag/food system development professionals, and others to submit applied research papers, critical reflection essays, commentaries, and other manuscripts that provide critical insights into food system challenges and opportunities. Submission deadline: April 20, 2011.

Call for Proposals: International Conferences on Public Policy and Management. The Association for Public Policy Analysis and Management (APPAM) and the University of Maryland School of Public Policy (UMD) invite proposals to host one of three independent international public policy and management conferences in calendar years 2012, 2013, and 2014. Proposals are due no later than September 10, 2011.
