CPP IN THE NEWS
The U.S. Census Bureau published detailed Census 2010 data for New York State. Jan Vink, Research Support Specialist with the Program on Applied Demographics (PAD) and CPP affiliate, produced a white paper on the different age structures throughout NY State and the economic regions and on differences between the race/ethnicity groups.

CALL FOR PAPERS
Call for Proposals: International Conferences on Public Policy and Management. The Association for Public Policy Analysis and Management (APPAM) and the University of Maryland’s School of Public Policy (UMD) invite proposals to host one of three independent international public policy and management conferences in calendar years 2012, 2013, and 2014. Submission deadline: September 10, 2011.

FUNDING OPPORTUNITIES
ISS Small Grant Program. The ISS small grant program is designed to assist Cornell's tenure-track and tenured faculty working within the social sciences. We are particularly interested in providing funding for: (1) interdisciplinary social science research, (2) interdisciplinary conference support, (3) research led by junior faculty members, (4) projects that will subsequently seek external funding, and/or (5) activities that will lead to ISS theme project proposals. Application deadline: September 7, 2011.

EMPLOYMENT OPPORTUNITIES
2012/13 Visiting Scholar Program at the University of Colorado Population Center. The University of Colorado Population Center at Boulder invites applications for a 2012-2013 Visiting Scholar Program that will help support a semester or year-long visit to Boulder, the university, and center. We invite applications from national and
international population scholars with interests in our signature themes—health and mortality, migration and population distribution, and environmental demography—and the desire to participate in center activities and perhaps collaborate with center affiliates. We can supplement the visitor’s own salary from a sabbatical or grant with support of up to $20,000 for the costs for travel, living allowance, and research. For questions or to express interest, please contact Rajshree Shrestha. For applications, please submit to the same email address a one-page summary of research interests, a CV, and desired period of visit. Deadline: March 1, 2012.

**CPP STUDENT OPPORTUNITIES**

CPP Student Affiliate Demography/Population Reading Group (Fall 2011). Each reading group participant would serve as the leader for a week. The leader would provide two or three articles or chapters to read and three-four optional readings for reference. This would facilitate exposure to a breadth of literature and develop cross-disciplinary linkages within the CPP. If interested, please contact Brian Thiede.

Fall 2011 information sessions on grants and fellowships for international studies research. The fall series includes an overview of funding opportunities for graduate international research, advice for proposal writing, and special sessions for the Fulbright U.S. Student and Fulbright-Hays Programs, the Foreign Language and Area Studies Fellowships (FLAS), and the Einaudi Center Travel Grants. There is also a special session on funding opportunities for graduate international students.
